

Lander University's College of Business & Public Affairs - Department of Business Administration offers a Bachelor of Science degree.

# BUSINESS ADMINISTRATION – ACCOUNTING EMPHASIS

Students who graduate with an Accounting Emphasis from Lander University should meet qualifications to sit for the CPA exam in South Carolina. However, to be a licensed CPA in South Carolina, students must complete 150-semester hours of education. CPA licensing requirements vary from state to state. Students planning to practice outside of South Carolina should check with the Boards of Accountancy in the appropriate states.

Accounting students who pursue careers that do not require the CPA license are NOT affected by the 150-semester hour requirement.
