

Lander University's College of Arts & Humanities - Department of Music offers a Bachelor of Science degree.

# MUSIC — APPLIED MUSIC

Music is one of the arts which so sharpens our sense of participation in the world that it gives a much greater meaning to life. It is both personal and beyond the personal. For those who love it, it remains as a fixed point of reference in an unpredictable world. Music is a source of reconciliation, exhilaration, and hope which never fails.

Students majoring in music are expected to gain knowledge and skills in the areas of performance, aural skills and analysis, heightening the student's musical awareness and sensitivity to the broadest spectrum of music. This prepares the student for possible graduate study and the pursuit of a career in music. Lander University is fully accredited by the National Association of Schools of Music and offers a comprehensive program of music study designed to promote musical literacy and artistry.

APPLIED MUSIC is available in Flute, Oboe, Bassoon, Clarinet, Saxophone, French Horn, Trumpet, Trombone, Baritone Horn, Euphonium, Tuba, Piano, Organ, Percussion, Voice and Guitar.
