

VISUAL ARTS — K-12 TEACHER CERTIFICATION

Students wishing to pursue a teaching career in public school will take those courses which lead to certification. The Lander art program is one that emphasizes the philosophy that “those who teach must also do.” Therefore, our teacher training program provides students with a solid background in the fine arts, with a variety of experiences from which to draw upon in the classroom, as well as being a source for developing personal interests. All art majors are required to have a digital portfolio of their work prior to graduation.
