

Career Connections

Freshmen

Take the Advantage in the Job Market

You took a major step when you decided to pursue a college education. Our team at Career Services is here to help you reach your career goals.

Your freshman year isn't too early to start mapping out your future—even if you haven't chosen a major yet. We can help you explore career options that fit your personality, skills and talents.

From part-time jobs to full-time career positions, your job search success may be as simple as visiting your campus Career Center.
